

PRODUCT DESCRIPTION

- BEEF MAKER FLAKED STUD BULL MIX is suitable for feeding to stud cattle, in conjunction with roughage.

A palatable mix of roasted grains and quality protein meals, including full fat soybean meal.

COMPOSITION

- Base grain as depicted seasonally, and therefore proportions may vary.
- Barley, maize, oats, sorghum, chaff, soyabean meal, full fat soya meal, cottonseed meal, molasses, limestone, sodium bentonite, sodium bicarbonate, dicalcium phosphate, salt, Bovatec™, Ruminant Vitamin and Mineral pak.

DIRECTIONS FOR USE

- Designed to be fed in conjunction with hay and/or pasture.
- Roughage supplied should be supplied adlib and with a minimum not less than 20% of their total intake.
- Ensure that there is ample access to clean water.
- To be fed to stud cattle as a supplement to pasture or hay. Introduce cattle to this ration gradually over at least a 14-day period. The optimum feed intake is 1% of bodyweight. Always feed with good quality roughage. Provide cool, clean water at all times.

VETERINARY CHEMICALS

This feed contains the following veterinary chemical-

- Bovatec™ as lasalocid sodium at the rate of 30 milligrams per kilogram.

MEDICINAL CLAIM

- Lasalocid sodium is added to this feed to improve feed efficiency, weight gain and aid in the control of coccidiosis.
