

PRODUCT DESCRIPTION

- RIVERINA PIG GROWER is suitable to be fed as a complete feed for growing pigs. RIVERINA PIG GROWER should be introduced to pigs from a live weight of 25kg approximately eight weeks post weaning.
- RIVERINA PIG GROWER is a scientifically formulated to satisfy the requirements of fast growing pigs from a live weight of 25kg to 60kg.
- RIVERINA PIG GROWER is the third stage in the RIVERINA PIG FEEDING REGIME. This feed is formulated in accordance with current research into pig nutrition and contains a variety of quality raw materials.

COMPOSITION

- Base grain as depicted seasonally, and therefore proportions may vary.
- Blend of quality ingredients including wheat, sorghum, barley, maize, soyabean meal, cottonseed meal, canola meal, pulses, meat and blood meal, salt, molasses, vegetable oil, added lysine, added methionine, Riverina Vitamins and Minerals.

DIRECTIONS FOR USE

- Environmental conditions including temperature and hygiene are of vital importance to ensure good performance.
- This feed is a complete feed and no supplementary feeding is necessary. It is recommended that this feed be blended with RIVERINA PIG WEANER (MEDICATED) so the feed changeover is as smooth as possible.

Weight Of Pigs	Approximate Feed Consumption
25 kg	1.3-1.4 kg / day
30 kg	1.4-1.6 kg / day
40 kg	1.6-1.8 kg / day
50 kg	1.8-2.0 kg / day
60 kg	2.0-2.5 kg / day

- NOTE: The above feed intakes are only indicative. Feed intakes will vary with the season, shed conditions, disease status, genotype and other environmental conditions.
- It is important to change the feed regularly so it remains fresh and palatable.
- It is very important that pigs have clean, cool, fresh water available at all times.

TECHNICAL RELEVANCE

- Contains digestible ingredients for growing animals
- Protein meals providing natural sources of essential amino acids. Plus added lysine to balance essential nutrient requirements.
- Contains essential vitamins and minerals.

SPECIAL FEATURES

COMPLETE FEED

- Supplies essential nutrients for growth. No need for any other supplementary feed to be used.

IN PELLETT OR MEAL FORM

- Pellets eliminate separation that can occur with mash/meal type feeds. Improved digestibility. Consistent nutrient intake.
- Contains essential vitamins and minerals.

QUALITY PRODUCT

- Manufactured to strict quality control standards.

PRECISE FORMULATION AND MIXING

- Formulated in accordance with current research into pig nutrition and mixed from a variety of quality raw materials.
